

## What can I do to help?

- Ensure that your child goes to school every day, on time, in the correct uniform and with basic equipment.
- Let the school know about any issues that might affect your child's learning
- Support your child in homework and other opportunities for home learning and sign the planner each week.
- Be involved in discussions regarding your child's progress and attend Parents Evenings.
- In disciplinary matters talk to the school before you make a judgement; some incidents can get changed in translation and it is important that young people realise they cannot play home and school off against one another. This develops a sense of responsibility and partnership working.
