To All Stakeholders

Sixth Form Consultation

Our local area needs sixth form provision to inspire, motivate and connect with business, industry and higher educational institutions. Currently, the majority of learners in the Coalfields area have to travel to attend a good quality sixth form. This is unacceptable, is costly and does not provide the continuity of learning to ensure our young people achieve their true potential.

We propose to expand our current 11-16 age provision to 11-18 by creating a sixth form. The sixth form will deliver A level and vocational courses. We have the knowledge and capacity to deliver high quality further education for our local area.

The consultation document outlines our proposals and will hopefully answer any questions you may have.

We will be consulting with all stakeholders over the next 4 weeks and would encourage you to support the process with your views and questions. Please follow the link to access the online questionnaire. I would also welcome any written letters of support.

I look forward to your response.

Yours faithfully

Nicola Cooper
